

River Crossing Newsletter

Message from the President: Spring is here, the sun is struggling to shine, the rain keeps coming and nature is wanting to grow again. It's a beautiful time and I hope everyone is able to start enjoying this transition. As your new president, it is my goal to make this neighborhood as great and nice as can be and with all your help we can accomplish this together. I'm thankful to be given the opportunity to be in this new position and I will focus on listening to you, acting on concerns, and strive to make living in this community a wonderful experience. I plan to issue a newsletter at least every couple months and communicate what's going on, progress we're making, tips to help each of us, reminders of seasonal responsibilities, and any useful information to help our neighborhood be great!!! 😊

Spring Time Landscaping

It's that time of year when things start to grow, moss has taken over, flowers begin to reach for the sun, weeds begin to populate wherever they can. This is a reminder to please be familiar with the Landscaping requirements, make effort to keep your yards looking nice, get rid of that moss, any clover, weed/feed for the grass, and remove any leaves from previous season.

Neighborhood Safety & Security

Please be aware of new activity on our street as the sun comes out, kids begin to play outside, residents are walking. Be careful, drive slow and respect each other. As you might have seen we have new surveillance signs and this is to help deter any suspicious activity. Please report any suspicious activity you see/hear to our HOA email or 911 if appropriately significant.

HOA Activities

We have a new landscaping crew (Durango) and we welcome their experience and energy to help take care of the HOA spaces and make as beautiful as possible. We are striving to get the pond fountain fixed and promise to have it working again by/before summer. We plan to do some pressure washing of concrete areas again this season and encourage you to do the same with your spaces if needed. A clean driveway/sidewalk is a welcoming sign.

HOA Board (rivercrossinghoa.org)

John Fiebelkorn – President, Stephanie Bevans – Vice President, Fred Row – Treasurer, Cheryl Milloy – Secretary, Paul Dias – Director at Large, Herb Wallen – Director at Large, Norm Peterson - Director at Large
